# Dashboard with Document Tracking Workflow System

- ✔ Quick Snapshot of information to business owners
- ✔ Easy to read
- ✔ Exportable data and easy to set performance goals
- ✔ Proactively track base on document status

The screenshot displays the EBALSign dashboard interface. It features a dark blue sidebar on the left with navigation links: Dashboard, Client, and Payment Settings. The top navigation bar includes the EBALSign logo, a user greeting 'Welcome (EBALSign, Demo)', and an 'Export to Excel' button. The main dashboard area is titled 'Dashboard' and contains a search filter with fields for Name, Status (set to 'All'), and Range (Start Date and End Date), along with a Search button. Below the search filter, it indicates 'Showing 8 of 13 items' and includes a pagination control showing '1' and '2'. The primary data is presented in a table with columns for Name, Status, Date, and Actions. The table lists various users and their document statuses, such as 'Approved' and 'Pending', with corresponding action buttons like 'Download', 'Paperwork', and 'Profile'.
